2026 SPRING OUTLOOK ASSUMPTION

This outlook focuses primarily on medium- and long-term market fundamentals. Short-term geopolitical disruptions have been considered in the analysis, with the assumption that current conflict-related supply disruptions gradually ease and do not permanently alter long-term supply and demand trends.

WHO WE ARE

Turner, Mason & Company provides technical, commercial and strategic consulting services to clients globally in the crude oil, midstream, refining, refined products, and biofuels industries.

Founded: 1971

Offices: Dallas-Houston
